Education

Sl. No.	Name of the Institution	Schooling Certificate	Degree / Branch	CGPA / Marks / Percentage Obtained
1.	SRI VENKATESWARA COLLEGE OF ENGINEERING, SRIPERUMBUDUR, CHENNAI	-	BE / Mechanical engineering	7.82/10
2.	CS ACADEMY, ERODE	12 th Grade (CBSE)	-	90.4%
3.	THE BVB SCHOOL, ERODE	10 th Grade (CBSE)	-	87%

Internships

Sl. No.	Name of the Institution	Intern	Duration	Field
1.	NSIC EKKATTUTHANGAL	Student	15 days	Designing using CATIA software.
2.	SAMUDHRA INDUSTRIES PVT LTD	Student	15 days	NPD and quality check in production
3.	HINDUJA TECH LIMITED	Student	30 days	Manufacturing (DFx, MBOM, Process)

Languages known: ENGLISH, HINDI, TAMIL, TELUGU.

Technical skills: Proficient in CAD modelling with AutoCAD, CREO Parametric, and CATIA, including converting customer inputs into precise engineering constraints. Hands on experience in ANSYS simulations, mechanically interpreting results through mathematical relation

Achievements:

1. 3rd Place – National Level Competition in Material Selection - SAEINDIA
2. 3rd Place – Students Research Day 2025 - SVCE

Courses

Sl.No.	Name of the Courses	Certified by
1.	Certification on Reliability Engineering, (10.01.2026)	Four day certification course organised BY INDIAN STATISTICAL INSTITUTE, BANGALORE.
2.	Skill development course on Analysis tool – Ansys (16.07.2025)	One month training by SAEINDIA and ELEATION ACADEMY
3.	SAE - NLCMS (12.04.2025)	Course based competition on material selection for design in mechanical engineering organised by SAEISS
4.	SAE – NLCFEA (02.03.2025)	Course based competition on Finite Element Analysis for design in mechanical engineering organised by SAEISS

Skill related courses:

1. **Mini Tab** Statistical data analysis by CRE COURSE ISI BANGALORE
2. **MS EXCEL** certification by Infosys springboard

Presentations

1. Technical paper presentation on “Energy harvesting road lanes” in SAEINDIA final event of technical paper presentation competition.
2. Idea presentation on “Smart packaging of coco peat” – Design Quest by HVK group
3. Sheet metal cutting Product presentation in SAEINDIA STUDENT CONVENTION

Project:

Development of Pin on disc Tribometer test rig and it wear characteristic study on lubricated conditions.

Interests:

Computer-Aided Design (CAD): Creating and modifying 3D models and designs using CAD software.

Manufacturing and Mechanics: Analyzing and simulating the behaviour of mechanical systems and components using FEA software.
